

## 10: British Standards and Building Regulations

*Information courtesy of the Timber Decking and Cladding Association.*

Whilst every care has been taken in the production of this sheet and the information is believed to be correct at the time of production, Wood Campus and the Timber Decking and Cladding Association cannot be held responsible for any errors or omissions. The information in this sheet is for guidance only. If you are in any doubt, please seek professional advice.

<b>BS 1186-3</b>	<b>Timber for workmanship in Joinery</b>
<b>BS 8417:2014</b>	<b>Preservation of timber</b>
<b>BS EN 350-1</b>	<b>Durability of wood and wood-based products/Guide to the principles of testing and classification of natural durability of wood</b>
<b>BS EN 350-2</b>	<b>Durability of wood and wood-based products/Guide to natural durability and treatability of selected wood species of importance in Europe</b>
<b>BS EN 14915</b>	<b>Solid wood paneling and cladding</b>
<b>BS EN 15146</b>	<b>Solid softwood paneling and cladding. Machined profiles without tongue and groove.</b>

Please be aware that two new British Standards for external timber cladding are currently under development, due for publication in 2014/15.

- BS 8605-1, 2015 Method of Specification
- BS 8605-2, 2015 Code of Practice for Design and Installation
